

Dear members,

I am very much thankful to the kind-hearted members who responded to the call of CBROA and contributing to the CBROA welfare fund. Over the last 3 days over 1000 members have responded out of 12000 members. In Bangalore, out of 2200 members only about 280 responded. However, I feel that the message requesting for Donation may not be percolating to every member. Hence, I request our dear members of the group to spread the message/tell all your friends about the donation.

With regard to the donation, I haven't specified any amount and left it to the conscience of the members to donate whatever they wish to. However, looking at the flow of donations, I am not too enthused in the sense that only the kind hearted members who used to donate earlier are now coming forward to donate once again, but over 90% of the members are not coming forward to contribute! It is a matter of introspection for all of us.

If each and every member contribute at least Rs. 1000/-, we could mobilise at least one crore for the welfare fund.

**Apart from the 16 months ex-gratia arrears, all our members have received an additional amount of Rs. 900/- from the Bank, under staff welfare measures, purely on the efforts of CBROA and CBOA.**

Please note that the very existence of our welfare scheme -presently the Medical reimbursement scheme is solely depend upon the generous contribution from our dear members.

I sincerely hope all our dear members would rise to the occasion and contribute their mite for the welfare scheme of CBROA.

J S Jagadeesh  
General Secretary, CBROA
